

AFRICAN DRUMMING WORKSHOPS

Working to enable young people to fulfill their true potential

Drumming is...

Energetic **Healthy** **Educative**
Motivating **Stress-busting** **Fun**

Everyone can be a music maker: African drumming is a fantastic group activity that anyone can do, even if they've never played a drum before. And once you get going you can't help but smile as the room fills up with music. Everyone can take part whatever their age or ability, and if you miss a beat? Don't worry, no one will ever know!

We are offering drumming workshops at your youth club, group or project. You provide the young people and the venue, Drum 4 Fun provide the equipment and the know-how and we make the arrangements and even help with the cost!

If you are interested in booking a Drum 4 Fun workshop please complete and return this tear-off form or alternatively you can call Ally at the office on 01962 852307
